

Wet/Dry Tube Feeders – Less Waste, More Gain.

Wean-To-Finish Double Feeder – RD-NDWF50

Stainless Steel Wet/Dry Feeders

Now you can mix the feed and water with less waste for quicker growout times. All feeders are made with stainless steel and high quality plastic and have 25 feed settings for maximum control.

Wet/Dry Feeder Features:

- 304 grade SS construction
- Flip lid design for manual feeding
- One water line hookup
- Easy cleaning
- Minimal feed waste
- UV stabilizer hoppers (option) 110# capacity
- Minimizes time and labor with a precise adjustment control
- Raised center and weep hole design allowing less water overflow, less wicking around tube
- Starter water line (option) enables producer to place water in pan for small weaner pigs

Wean/Finish Double Feeder (RD-NDWF50):

- Three nipples - two feed platforms allows more pigs to eat at one time
- 35 - 40 pigs per side
- 2 UV stabilized 110# hoppers
- Excellent for large sorter barns

Wean/Finish Feeder (RD-NWF24):

- Pan design allows for feed and water consumption from weaner to market
- 25 - 30 pigs per side

VAL-CO's reliable feed adjustment is quick & precise - in increments that provide the correct amount of feed every time.

Wean-To-Finish Feeder – RD-NWF24

Optional starter water line allows you to place water in the pan for small weaner pigs.

Wet/Dry Feeding Systems

With all of the benefits of our Wet/Dry Feeding Systems, they practically pay for themselves. They save you money with low maintenance costs and low feed waste — and by providing high durability and good feed conversion, you'll always have healthy pigs.

Finisher Feeder – RD-NSF27

Finisher Feeder (RD-NSF27):

- Large pan design allows more pigs to eat at one time
- 25 - 30 pigs per side

Nursery Feeder (RD-NSN23):

- Pan design and nipple placement allows easy access for small pigs
- Precise adjustment
- Up to 30 pigs per side

Nursery Feeder – RD-NSN23

Internal agitator prevents feed blockage.

Feed Pans

Each feed pan is designed to provide the perfect amount of feed and/or water for your pigs. The depth of our pans allow for high feed capacity while keeping the floors cleaner and still giving the pigs easy access to eat.
