The New Brisket Pipe Bracket

- Brisket pipe bracket attaches directly to stall.
- Easily adjustable to accommodate different animal sizes.

People. Products. Solutions.

Freestall Housing Systems Provide a Healthy Environment.

Designed With Cow Comfort In Mind.

Freestall Features:

- Increased comfort levels with open concept design.
- Plate mounted for better strength and durability.
- All freestalls are made of heavy-duty 2 3/8" OD tube and hot dipped galvanized for longevity.
- Fully adjustable neckrail and brisket bracket.
- Heavy-duty 3 1/2" post with gusset for increased strength.
- Available in 79 1/2" and 85" lengths.
- Freestalls also available in calf and heifer models.

- Heavy-duty headrail clamp significantly increases stall strength and stability.

Let us help you grow your business.

VAL-CO is here to supply you with great products and we guarantee quality at competitive prices.

That's why VAL-CO is your one-stop shop for all your dairy production needs!

“Comfy Cushion” Cow Mattress

- Unique design adjusts easily to fit your stall size and creates an interlocking tube design preventing the mattresses from shifting
- The “Comfy Cushion” Cow Mattress keeps cows cleaner and dryer than any other mattress.
- Helps combat swollen hocks and knees, eliminating festering sores due to lying on the hard, uncomfortable surfaces.
- The “Comfy Cushion” Cow Mattress has a tough, woven poly overlay which is liquid permeable.
- Hold down strip designed so that liquids will run out underneath instead of collecting in front.

The Ultimate Choice to Provide Comfort & Good Health For Your Cows

Auto Release Self Locking Feed Front

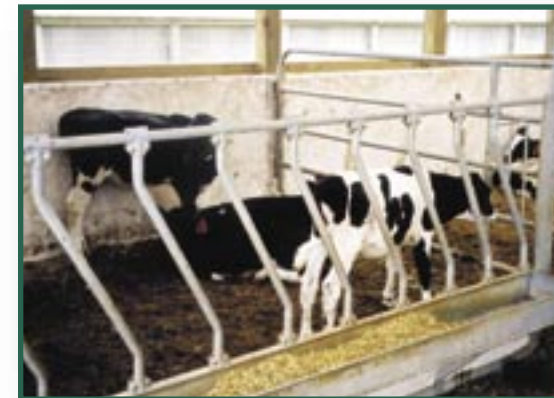

Durable and Easy & Flexible to Operate.

Unique Self-Lock System Featuring:

- Auto lock training position.
- Auto lock locking position.
- Auto release feeding position.
- Keep or release one animal at a time.
- Up to 100' of Val-Co Self-Lock can be attached to one handle.
- Available in: 8', 10' & 12' sections for cows
10' & 12' adjustable sections for heifers
6', 7 ½' & 9' sections for calves

Angled Feed Front

- Designed to reduce feed wastage.
- Difficult for the animal to pull feed through the openings into the pen.
- The neck openings can be easily adjusted to the exact size required.

Adjustable Rail Bracket

- Very cost efficient.
- Adjustable to meet the needs of your cows.
- Open concept for your cows.
- Great for a temporary situation, because it can be removed at any time and a self-locking feed front installed on existing posts.
