With an extra-large 14-inch diameter, the GroPro pan makes feed more accessible to chicks through adults. Heavy-duty plastic components are easy to clean and lightweight yet durable. Bright colors attract birds to feed.

GroPro Special Features:

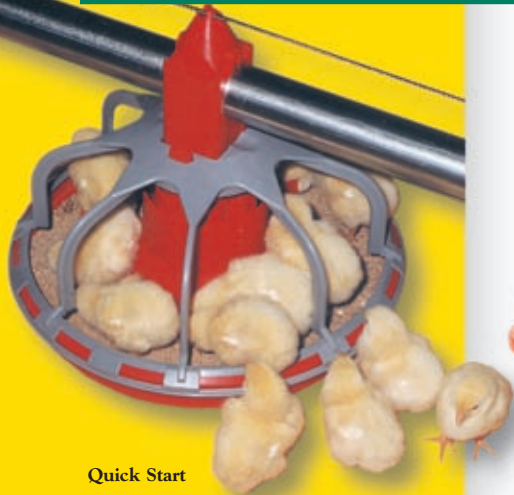

- Extra-wide 14-inch pan with 15 feeding positions give maximum feeding space and easier access. Grill-less model is also available.
- Sturdy plastic grill is made from high-impact polypropylene with special polishing agents for long life, smooth finish and easy cleaning.
- Three upper flood windows fill the pan completely and evenly.
- Six pre-set feed level adjustments are quickly made from outside the pan.
- The feed saver lip on the cylinder and adjustable ring on the pan protect from feed waste.
- Fits on either smooth tube or ribbed tube.

Options To Fit Your Needs:

- Belt drive or direct gear drive.
- End-fill hopper or center-fill hopper.
- Combinations of pans per foot.
- Manual or timer controlled feeding.
