	Polymerization Will not occur xx							
Route(s) of Entry Inhalation? yes Skin? no Ingestion? yes	Section VI – Health Hazard Data		<u>.</u>					
	Route(s) of Entry Inhalation? yes		ngestion? yes					
Health Hazards (Acute and Chronic) eye irritation, respiratory distress skin irritation			NOTT 1 D 1 / 10 27 4					
Carcinogenicity NA NTP? NA IARC Monographs? NA OSHA Regulated? NA Signs and Symptoms of Exposure: red and swelling, watering eyes, dermal distress or abrasion			SHA Regulated? NA					
Medical Conditions Generally Aggravated by Exposure: Persons with drug allergies may be adversly affected by this product		a evec dermal distress or obrasion						

Emergency and First Aid Procedures: if breathing is difficult, remove from exposure adminster oxygen as needed. for eye or skin contact flush with cool clean water for at least fifteen minutes, If irritation continues seek medical assistance Note to physicians: All treatments should be based on observed signs and symptoms of distress in the patient. Consideration should be given to the possibility that overexposure to materials other than this product may have occurred. Treat symptomatically. No specific antidote is available.

Section VII - Precautions for Safe Handling and Use

Steps to be taken in case material is release or spilled: sweep or vacuum in a manner to educe dust levels. Store in covered container for use or disposal

Waste Disposal Method: solid waste Dispose of waste in accordance with all local state and federal regulations.

Precautions to be Taken in Handling and Storing: store in a cool dry place

Other Precautions: none known

Section VIII - Control Measures

Respiratory Protection (Specify Type) Dust Mask				
Ventilation	Local Exhaust: As Needed	Special: none		
	Mechanical (General): As Needed	Other: na		
Protective G	Floves: as needed for the task	Eye Protection:	Safety glasses with side shields or face	
		shield		

Other Protective Clothing or Equipment: long sleeves and trousers

Work/Hygienic Practices: The following general measures should be taken when working or handling this material: 1) Do not store use and/or consume foods, beverages, tobacco products or cosmetics in areas where this material is stored. 2) Wash hands and face carefully before eating, drinking, using tobacco, applying cosmetics or using the toilet. 3) Wash exposed skin promptly to remove accidental splashes of contact with this material.

"All statements, technical information and recommendations contained herein are, to the best of our knowledge, reliable and accurate; however, no warranty either express or implied is made with respect thereto, nor will any liability be assumed for damages resultant from use of the material described.

It is the responsibility of the user to comply with all applicable federal state and local regulations. It is also the responsibility of the user to maintain a safe workplace. The user should consider the health hazards and safety information provided herein as a guide and should take the necessary steps to instruct employees and to develop work practice procedures to ensure a safe work environment.

This information is not intended as a license to operate under, or a recommendation to practice or infringe upon any patent of this Company or others covering any process, composition of matter or use"
