Material Safety Data Sheet

Updated: October 24, 2011

020920

1. Product Name/Identification

Min-ePlex Liquid Feed Supplement
--

2. Composition/Information

Main Ingredients:	Water, Cobalt, Copper, Iron, Manganese, Zinc
Other ingredients:	Vitamins as per label.

3. Physical/Chemical Characteristics

Appearance and odour:	Opaque green viscous liquid, sweet odour
pH:	3.2-5.5
Boil Point:	N/A
Freezing Point:	N/A
Vapour Pressure:	N/A
Vapour Density	N/A
Solubility:	Soluble in water

4. Toxicological information/Hazardous Ingredients:

Acute oral, LD50 (mice)	N/A Keep away from children, as there is enough iron in this product to harm a child.
-------------------------	--

5. Fire & Explosion Hazard Data

Condition of Flammability:	Non-flammable
Explosion Hazard:	Not Identified
Special Firefighting Procedure:	None
Flash point:	N/A
Unusual Fire and Explosion Hazards:	None

6. Reactivity Data:

Chemical Stability:	Stable under normal condition of storage and handling
Conditions to avoid:	Direct Sunlight

7. First Aid Measures/Health Hazard Information:

Eye Contact:	Flush with fresh water to remove.
Skin Contact:	May cause irritation, flush with water and seek medical help if condition persists.
Ingestion:	Not hazardous. If a problem occurs flush with water and seek medical help.
Potential Chronic Health Effects:	There is no known effect from chronic exposure to this product. Not listed by OSHA
Carcinogenicity:	None
