DISCLAIMER OF EXPRESSED AND IMPLIED WARRANTIES: Although reasonable care has been taken in the preparation of this document, we extend no warranties and make no representation as to the accuracy or completeness of the information contained therein, and assume no responsibility regarding the suitability of this information for the user's intended purposes or for the consequences of its use. Each individual should make a determination as to the suitability of the information for their particular purpose(s). A request has been made to the manufacturer to approve the contents of this material safety data sheet. Upon receipt a new MSDS will be made available.

SECTION 1 NAME & PRODUCT

PRODUCT NAME, TRADE NAME & SYNONYMS: Leptospira Canicola - Icterohaemorrhagiae Bacterin
 TRADENAME: Gestafend 5

SECTION 2 INGREDIENTS

Vial contains the inactivated cultures of LEPTOSPIRA CANICOLA and LEPTOSPIRA ICTEROHAEMORRHAGIAE

COMPAS Code: 39300462

%-Proprietary

PEL/TLV (units)-None

SECTION 3 PHYSICAL DATA

APPEARANCE: Gestafend 5 contains 1 mL of the two leptospira serovars in a 2 mL sealed bottle.

SECTION 4 HEALTH HAZARD DATA & FIRST AID

INGESTION: No information available regarding adverse health effects via ingestion. Ingestion is not considered a likely route of exposure.

EYE CONTACT: Not considered to be an eye irritant. In the event of accidental contact, immediately flush with water continuously for a minimum of 15 minutes. If an irritation develops, consult medical personnel.

SKIN CONTACT: Not considered to be a skin irritant. Thoroughly wash with soap and water following prolonged contact. If an irritation develops, consult medical personnel.

INHALATION: Not considered a route of potential exposure.

INJECTION: In case of accidental injection, the site should be washed and thoroughly disinfected. Bacterin is an inactivated culture and is not, therefore, a pathogen. Medical assistance may be consulted.

CARCINOGENIC EVALUATION: No reason to suspect that these antigens have carcinogenic potential.

SECTION 5 HANDLING PRECAUTIONS

RESPIRATORY PROTECTION: Not required.

SKIN PROTECTION: Normal accepted work practices which minimize prolonged unnecessary contact.

EYE PROTECTION: Normal accepted work practices which minimize eye contact.

OTHER PROTECTIVE EQUIPMENT: Not required.

SECTION 6 ADDITIONAL INFORMATION

SPECIAL PRECAUTIONS TO BE TAKEN IN HANDLING AND STORAGE:
 Store at 2-7 deg C (36-45 deg F).

The information herein is given in good faith but no warranty, expressed or implied, is made. Contact Solvay Animal Health, Inc., for further information.
