Cast Iron/ Plastic Top Lock

Cast Plastic

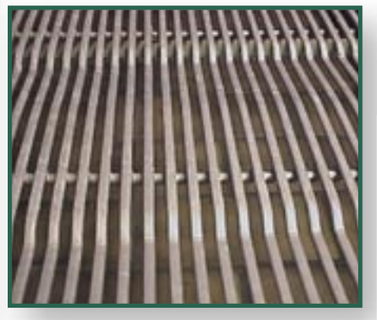

Provides cool, clean and comfortable flooring.

Farrowing Floors

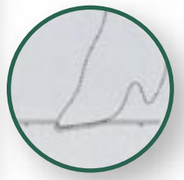

- VAL-CO has a variety of options for farrowing floors including V-bar, Cast or Plastic.
- The combination floors provide a warm, less abrasive area for the piglets and a cool and comfortable area for the sow. Keeping the piglets away from the sow helps to reduce crushing deaths.
- The sow section of the flooring can be Cast Iron or V-bar with the added feature of sure foot. Sure foot is a unique indentation made in the V-bar which prevents the sow from slipping while getting up or lying down.
- Both options provide a cool and comfortable place for the sow to lay down in the warm farrowing room.
- VAL-CO offers complete V-bar flooring systems and complete plastic flooring systems. Both systems are easy to install and are cost effective.

V-Bar Sure Foot

Sure foot is a unique indentation made in the V-bar before galvanizing that ensures secure footing for the sow.

Farrowing Crate Features:

- Positive action anti-crush bars help ease the sow down to the floor and reduce crushing rates.
- Bow bar can be easily adjusted to allow sow and piglets to nurse more comfortably and reduce pre-weaning mortality.
- Choice of galvanized or stainless steel wet/dry feeders.
- Feeders are easy to clean. They feature a quick release mechanism and are installed slightly off of the floor to allow maximum air circulation.
- Drop back allows easy access to sow.
- New 90" crate available to accommodate increasing genetic capabilities.
- Gate mount or three position side mount rump guard.
- Card holder and clip included to allow for efficient record keeping and best herd management.
- Fast and easy installation as very few bolts are required.
- Heavy duty pipe or solid rod, hot dipped galvanized for excellent durability.
- Complete farrowing floor packages available.
- Also available in painted or unpainted steel.

Let us help you grow your business.

VAL-CO is here to supply you with great products and we guarantee quality at competitive prices.

That's why VAL-CO is your one-stop shop for all your hog production needs!

Euro Crate

- The Euro Crate creates maximum versatility for the producer and increases the comfort and productivity of the sow and piglets.
- The Euro Crate has many options including freestanding, rear or front mounting of the crate, different crate lengths and angling of the crate for maximum utilization of space.
- A further space saving feature is the Euro Crate's unique side-loading design which allows for the elimination of one alleyway.

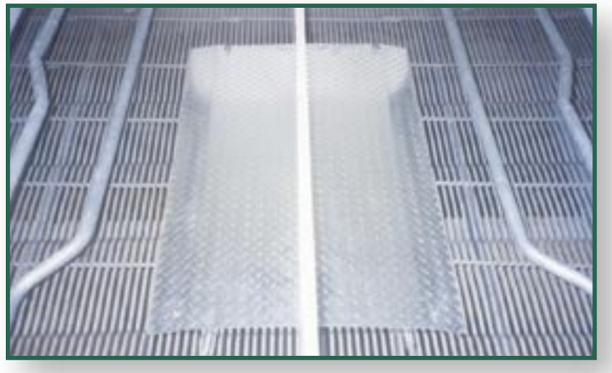

Farrowing Accessories

Creep Planking

- Made of rigid PVC plastic.
- Designed with ease of cleaning in mind.
- Quick and easy to install. No glue required.
- Durable – will not rust or rot.
- Will not harbor bacteria.

Hot Water Heat Panels & Electric Heat Pads

- Energy efficient hot water heat panel fastens to the floor at each corner – installs quickly and easily.
- Low radiation to save heat.
- High conductivity for efficiency.
- Available in sizes to fit both the farrowing and weaner rooms.
- Can be easily adapted to any flooring system.

Creep Feeder

- Low to ground, providing easy access for piglets.
- Dividers prevent piglets from contaminating feed.
- Locks into place.
- Removal is easy for cleaning.
- Made of tough, durable plastic.

Drinker Packages

- Available in stainless steel or galvanized.
- Piglet drinkers available as nipple drinkers or water cups.
