

# MATERIAL SAFETY DATA SHEET

Address: 6005 North 100 West  
Redmond, Utah 84652

Phone: (866) 735-7258

Fax: (435) 529-7486

Date Prepared: February 2005

## SECTION I. MATERIAL IDENTIFICATION

Chemical Name: Sodium Chloride  
Chemical Family: Mineral - Salt

Trade Name: Redmond Natural Trace Mineral Salt  
Formula: (NaCl)

## SECTION II. INGREDIENTS AND HAZARDS

Contains: Sodium Chloride & other Trace Minerals

TLV-TWA: Threshold Limit Value (TLV) - NA, Time Weighted Average (TWA) (OSHA)

1. Not subject to reporting requirements under SARA, Title III, Sec. 313.
2. IARC - None established.
3. ACGIH - None established.

## SECTION III. PHYSICAL DATA

Boiling Point at 1 atm, deg F:	Solid Material, NA	Specific Gravity (H <sub>2</sub> O=1):	See Bulk Density
Vapor Pressure at (mm Hg):	Solid Material NA	Evap. Rate:	NA
Vapor Density (air = 1):	Solid Material NA	Volatiles, % by Volume:	None
Water Solubility:	92 - 99%	Molecular Weight:	364
Appearance and Odor:	Reddish to white, no odor.	Bulk Density (loose):	50-70 lbs./ft <sup>3</sup>

## SECTION IV. FIRE AND EXPLOSION DATA

Flash Point and Method: None  
Flammability Limits in Air: LOWER None UPPER None  
Auto Ignition Temp: None  
Extinguishing Media: None Required  
Special Fire Fighting Procedures: None  
Unusual Fire and Explosive Hazards: None  
TLV: None Established

## SECTION V. HEALTH HAZARD INFORMATION

TARC Classification: NA  
Effects of Overexposure: None established.

### FIRST AID:

Eye Contact: Flush with copious amounts of water.  
Skin Contact: Wash with soap and water.  
Inhalation: Remove to fresh air.  
Ingestion: In case of significant amounts, induce vomiting to purge.
